BIO

Born in East St. Louis, raised on the Southside of Chicago DJ Twin has been spinning tables since he was 17 when he got his first pair of 1200 tech. While still in high school, Twin toured with artists such as Diddy, Snoop Dogg, Jibbs and Pussy Cat Dolls. Known in Chicago for throwing the biggest parties and packing up venues at capacity, Twin has cemented his position internationally as one of Hip Hop's superstar DJ.

In 2010, Twin became Sean Kingston's official DJ where he went from playing in front of 3,000 people to playing at venues that held crowds of over 90,000. Influenced by the musical richness of jazz music, in which his grandfather instilled in him growing up, DJ Twin has created the ultimate recipe for the Hip Hop "turnup" scene.

Now after what seems a decade of working behind the scenes, Twin is taking a step into the limelight with the release of his new EP "Day 1". The 11-track mixtape feature line up includes Sean Kingston, French Montana, Playboi Carti, Famous Dex, Lil Yachty, Kodak Black, Lil Bibby, Yo Gotti, Jeremiah, Chief Keef and many more.
